**RE: UPDATE ON CONTINUING/ SUPPLEMENTARY SPECIAL EXAMINATIONS  
SPECIAL EXAMINATIONS**

The above subject refers,

The Dean's Committee in its meeting held today Tuesday, 16<sup>th</sup>, October 2018, after taking into account the need to clear the existing examinations backlog advises that students whose examinations have not been done be allowed to take them.

You are therefore advised to process the Examination Registration Form through the relevant offices as is the practice to be able to do the examinations. You are expected to have cleared your fees balance by the time of applying. However, students whose examinations have already been done will sit for the said exams at a future date to be communicated.

Thank You.
