RE: FEES PAYMENTS

It has been noted that Diploma and Graduate students do not report on the ERP system before proceeding for field attachment or going to the field to collect data for their Research work.

Going forward, Diploma, Masters and PhD students shall be expected to report on the ERP system and pay the expected fees before proceeding for field attachment or to the field for Research.

This is therefore to remind you that Assessment and Graduate Student's Supervision shall be offered to bona-fide students of the University. Please note that fees should be paid as stipulated in the approved Fees Structure.

Thank you.
